DESCRIPTION

This course is presented to establish a protocol for evaluating and treating neck problems as a first step in viewing children with oral motor, developmental and sensory processing problems. Evaluation and treatment of a child's neck is essential in resolving structural problems that impair information from the cranial nerves. These issues are often seen as a central nervous system problems when the location of the issue is peripheral in nature and can block normal development of the mouth, sensory systems, the motor system and the entire developmental process. Injury to the neck often occurs with difficult births, falls, low tone, excessive positioning on the back, low vision, and other developmental problems that put excessive stress on the neck. This problem will be linked to other areas of development so the participant will be able to establish solid foundations on which to build skills.

Through this presentation and practice sessions, participants will learn to identify the symptoms of decreased information through the cranial nerves, the habilitation process and the impact this treatment can have on function. With this common sense approach many primary blocks can be resolved and the progression of development is put back on track.

Agenda: 8:00 a.m. to 4:00 p.m.

Registration: 7:30 a.m. to 8:00 a.m.

Please Don't Be Late !

OBJECTIVES:

Participants will be able to:

1. Describe the anatomical structures related to common neck/cranial nerve problems.
2. Diagnose and treat oral motor, sensory motor and developmental problems related to neck/cranial nerve issues.
3. Diagnose and treat sensory processing problems related to the neck.
4. Design habilitation programs for oral motor, sensory motor and developmental problems related to neck/cranial nerve issues.

LOCATION: Hampton Inn & Suites

300 W. Nolana Loop Pharr, TX 78577

Course Amount : \$200.00

Room Available: La Quinta Inn & Suites

4603 N. Cage Pharr, TX 78577

Rate: \$79.99 Next to Hampton Inn & Suites

Contact: Baledmar Garcia 956-787-2900

Deadline for Registration: Sept. 18, 2009. For late registration (less than 2 weeks before the workshop), please add \$10.00 to cover the cost of late registration.

Refund Policy: To cancel your registration and receive your refund less a \$25.00 administrative fee, you must notify RGV Seminars in writing at least 14 days prior to the course start day. Cancellation received less than 14 days before the course date will be subject to a \$35.00 administrative fee. No refund made for no show.

ABOUT THE PRESENTER:

Irene Ingram , OT/L is a graduate of the Medical University of South Carolina. She was certified in the treatment and testing of sensory integrative dysfunction in 1981. She uses Therapeutic Listening, Samonas sound therapy, cranio-sacral therapy, lymphatic drainage of the brain and many other approaches. She has always been interested in learning many different theories and techniques and developing treatment programs that are eclectic and aimed at treating the whole person. Treatment of the neck as a priority has been her specialty for 24 years. Mrs. Ingram has practiced for 30 years in the schools, developmental centers, and the clinic. She specializes in treatment for children with a variety of needs from mild to severe.

The Occupational Therapy Board of Texas is self-reporting. A certification of completion will be given at the end of the course with course duration: 6 hours.

APPROVED PROVIDER of CONTINUING EDUCATION by The American Occupational Therapy Association, Inc. Professional Development Programs is an American Occupational Therapy

Association (AOTA) Approved Provider of Continuing Education. The assignment of AOTA CEUs does not imply endorsement of specific course content, products or clinical procedures by AOTA. See individual course listing for specific information.

This course is 6 contact hours. A certification of completion will be given at the end of the course.

APPROVED PROVIDER Professional Development Programs is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. See course information for number of ASHA CEUs, instructional level and content area. ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.
